   1. Loan forgiveness/forbearance policies for workers in nonprofit fields, public service, and underserved communities;
   2. Removing education loans as an exception to discharge from bankruptcy;
   3. Federal loan consolidation programs including seeking more options in these programs in fixed or variable interest rate choices and the ability to reconsolidate loans.

2. NAGPS opposes any measure that would result in increased loan costs to students or that cuts funding from the Federal student loan programs.

3. NAGPS urges the Administration and Congress to maintain or increase the amount of federal funding provided for America’s colleges and universities.

4. NAGPS urges lawmakers to increase borrowing limits for federal student loans and to periodically adjust for inflation and the rising cost of tuition.

5. NAGPS supports the maintenance and continued funding of the Federal Direct Student Loan Program and urges lawmakers to adjust federal loan program to match graduate student time to degree and expenses. We oppose any efforts to cut funding from Federal student loan programs.

6. NAGPS calls for the resetting of loan grace periods after completion of any full academic year to ensure that student with breaks in their education status are not prevented from completing their educations.

7. NAGPS urges support for education programs in financial literacy for higher education.

8. NAGPS supports legislation that discourages predatory lending practices.

9. NAGPS supports graduate fellowship programs as a means of training tomorrow’s scholars, scientists and leaders of industry, government and education.

10. NAGPS urges the Administration and Congress to provide, wherever possible, additional sources of grant funding for graduate and professional students. Specifically, NAGPS supports increased funding for the graduate fellowship programs included in the Higher Education Act.

11. NAGPS also supports graduate and professional fellowship programs that are portable and that provide educational opportunities to traditionally underrepresented groups as well as to traditionally underfunded disciplines.

12. NAGPS supports cultural and intellectual diversity and suggests the expansion of federal fellowships for international students.

13. NAGPS does not support across-the-board denial of access to financial aid based on a student’s convictions for a drug related offense, nor should any criminal offense prevent access to federal student loans.

17. NAGPS supports policies that encourage investments in innovation through education and research.
18. NAGPS encourages the establishment of a Graduate and Professional Education Advisory Committee in the Department of Education comprised of university and student representatives.
19. NAGPS encourages the appointment of a graduate and professional education coordinator within the Office of Postsecondary Education in the Department of Education specifically charged with development of national strategies designed to encourage the pursuit of a graduate and professional education and to serve the nation’s growing population of graduate and professional students.
20. NAGPS supports federal recognition of the first week of April as an annual celebration of Graduate and Professional Student Appreciation Week.
21. NAGPS supports all reasonable efforts that encourage the transparency of all institutional academic fees, including those levied against a specific subset of graduate constituents that are not levied against all constituents.

TAX POLICY

22. NAGPS supports measures that reduce the tax burden on graduate and professional students, such as the protecting of and broadening tax exemptions and deductions for graduate and professional student expenses.
23. NAGPS urges increasing tax deductibility of student loan interest. Additionally, NAGPS urges Congress to index the income limitation on student loan interest deductions to the rate of inflation.
